BEHIND THE SCENES

AIA CA is proud to be among the founding entities of the CALGreen Carbon Collaborative (CCRC), recently launched under the joint auspices of the Division of the State Architect, the Building Standards Commission, and the Department of Housing and Community Development. This working group is taking a broad look at how the California Green Building Standards Code, Part 11 of Title 24 (CALGreen) can better serve California in supporting a movement toward a sustainable, climate-supportive, resilient, and equitable future.

More information on these efforts, including opportunities to participate, are outlined here: https://www.dgs.ca.gov/BSC/Rulemaking/2022-Intervening-Cycle/2022-PreCycle
