

COMMITTEE STATUS REPORT

HEALTHCARE FACILITIES FORUM

COMMITTEE CHARGE

This committee plans and executes the Healthcare Facilities Forum, an annual, one day, conference which explores the forces that continue to shift healthcare delivery in California and how these will impact healthcare facilities’ design in the state. The Forum discusses current trends in healthcare from all members of the design and construction team, with special emphasis on the owner’s perspective. Committee members are active participants in the design and execution of the event – from speaker recruitment and selection to sponsorship development.

OVERARCHING GOALS/OUTCOMES FOR 2023

1. Develop a dynamic program that attracts and engages healthcare architects and clients alike.
2. In order to expand the reach, offer one or two satellite locations to bring together attendees at different venues in northern California.
3. Celebrate the 2023 Lifetime Achievement in Healthcare Facility Design and Kain Scholarship recipients at the conference.

STATUS SUMMARY / RECOMMENDATIONS

Planning for the 2023 Healthcare Facilities Forum is well underway. Save the Date and further details to come in the coming month.
