Cultivate a positive learning environment

Please use the Q&A function to ask questions for today's presenter

This session qualifies for 1 AIA LU|HSW – AIA CA will submit for you

A recording of this presentation will be made available on our website soon

LEARNING OBJECTIVES

Recognize that Energy Code Mandatory Measures require use of only "high-efficacy" lighting and address two types of lighting sources that would qualify (lighting that is automatically high efficacy and lighting certified, and marked as high efficacy per JA8)

Identify Mandatory Measures for lighting controls by location

Identify specific lighting technologies that meet the 2022 high-efficacy requirements including JA8 certified products

Identify available lighting resources and interactive tools provided by Energy Code Ace, the California Energy Commission and other industry resources
