

Los Angeles Unified School District Procurement Services Division

NOTICE TO ARCHITECTURAL FIRMS

LAUSD is seeking to qualify Architectural Firms to help build a better tomorrow for its students

The Los Angeles Unified School District (District) invites Architectural Firms to participate in an upcoming Request for Qualifications (RFQ) to qualify to be on our new list of prequalified Architects in support of the District's Maintenance and Operations (M & O) Branch – A & E Services.

This is not a refresh nor related to M&O's Task Order bench of Architects RFQ No. R-20014.

If your firm was previously selected and prequalified under Asset Management's new bench of prequalified architects, under RFQ No. R-24025, your firm can similarly participate in this solicitation, sponsored by the Maintenance and Operations (M&O) Branch. Your firm can qualify to be on both benches. Projects will be separately assigned by each department.

All interested Architects must register via the District's website at <https://mo.laschools.org/fis/fcs/rfpqm-psc/> and/or through the City of Los Angeles' RampLA website at <https://www.rampla.org/s/opportunities> to receive updates about the upcoming RFQ and pre-proposal meeting to be held via Zoom.
