EXECUTIVE ARCHITECT SERVICES FOR CKC Catering Kitchen

Project 12029A

The University of California, Berkeley is seeking an Executive Preservation Architect with extensive experience in the renovation of historic structures. The project includes creating a new catering kitchen, redesigning the accessible path of travel from parking areas to the kitchen, designing a loading area to accommodate electric food trucks, and addressing site drainage concerns. The selected architect and its team of consultants will be responsible for developing a comprehensive set of construction documents based on preliminary programming drawings, and for providing Construction Administration services.
